Rock Creeke

Designed to provide unsurpassed character in a maintenance-free design, Raynor RockCreeke overlay doors feature an environmentally stable trim board material. With a long-lasting vinyl capstock, this trim board material has an attractive appearance that holds up over time. Best of all, the material technology can utilize "reclaimed" wood fiber and vinyl from post production processes, helping to save natural resources. And, with an R-value of 12, RockCreeke doors have durable 1 3/8" polyurethane insulated base door sections for thermal efficiency and maximum structural integrity.
