

ULTRA-GRAIN[®]

GALLERY[®] COLLECTION PAINT OPTION
PORTFOLIO[®] LINE

America's Favorite Garage Doors[®]

Gallery[®] Collection Model GD1SP; Shown in Ultra-Grain[®] Medium Finish Paint Option

THE BEAUTY OF STAINED WOOD WITHOUT THE UPKEEP

Clopay Ultra-Grain[®] delivers the best of both worlds: the realism of natural wood with the low maintenance and energy efficient benefits of insulated steel. But unlike real wood, it's UV resistant and impervious to moisture, so it won't fade, rot, split, shrink or crack, saving you and the environment material, energy and resources necessary to maintain or replace door components.

ULTRA-GRAIN® PAINT OPTION

Gallery® Collection Model GD2LP with Trenton® Windows; Shown in Ultra-Grain® Dark Finish Paint Option.

FEATURES

- ◆ The painted steel surface simulates a real stained door without the hassles of staining and the ongoing maintenance of wood.
- ◆ The woodgrain runs horizontal on stiles and vertical on panels for an authentic, natural look.
- ◆ Available in Medium, Dark and Walnut finishes that complement entry doors, shutters and other exterior stained wood products.
- ◆ Available on Gallery® Collection 3-Layer Models GD1SP, GD1LP, GD2SP, GD2LP, GD1SU, GD1LU, GD2SU and GD2LU.
- ◆ The exterior surface has a stucco texture for a more natural woodgrain look vs. a woodgrain texture that runs in one direction.
- ◆ The qualified Gallery® Collection doors are available in specific WINDCODE® ratings.
- ◆ Window frames, grilles and inserts will be color matched to coordinate with each oak pattern. All window options are available.
